MIRA for Repeatable Floor-Care Operations

WHY PLAYSAFE 360™ FOR HOCKEY

-  Supports player health, performance, and recovery
-  Delivers consistent, repeatable hygiene across all hockey spaces
-  Provides documented, trackable execution leadership
-  Helps create a clean, orderly environment players, staff, and fans deserve

1 OxyPharm Devices

Foggers & Advanced Disinfectants

NOCOSPRAY

NOCOMAX

- ✓ Dry-fog room and area disinfection
- ✓ Scalable coverage from smaller rooms to larger hockey facilities
- ✓ Advanced disinfectant chemistry for targeted deployment
- ✓ Supports hockey locker rooms, equipment rooms, recovery spaces, and shared team areas

2 Surface + Laundry Support

Electrostatic Sprayers + Surface Protectants + Laundry Performance

PENETREXX®

LIQUID Q

MPOWER®

- ✓ PENETREXX® surface protectant helps eliminate and reduce odors
- ✓ LIQUID Q electrostatic sprayer system delivers consistent, 360° wraparound surface coverage
- ✓ MPOWER® advanced laundry performance for towels, uniforms, and linens

3 MIRA Autonomous Floor Care

MIRA for Repeatable Floor-Care Operations

- ✓ Repeatable autonomous cleaning routes
- ✓ Improves labor efficiency and consistency
- ✓ Enhances appearance in high-traffic hockey spaces
- ✓ Documented, modernized floor-care execution

4 On-Demand Multi-Purpose Cleaner

Force of Nature Pro

- ✓ On-site multi-purpose cleaner generation
- ✓ Helps support cleaner, fresher facilities with simplified deployment
- ✓ Works with existing water and electrical systems
- ✓ Helps simplify replenishment and reduce plastic waste

SUSTAINABLE LAUNDRY SUPPORT
Planet-friendly laundry detergent sheets help fight performance with a lower environmental impact.

5 Clean Air Performance

RGF PHI Air Quality Program

- ✓ Active air purification for occupied hockey environments
- ✓ Helps improve air quality, reduce odors, and support cleaner air
- ✓ Designed to treat air and exposed surfaces throughout the room
- ✓ Supports player wellness, recovery spaces, and overall facility experience

QUANTIFIED BENEFITS

ROOM-BY-ROOM DEPLOYMENT
Targeted disinfection where it matters most

360° SURFACE APPLICATION
Electrostatic wraparound coverage for consistent results

10-1,000 m² ROOM COVERAGE
Foggers solutions for small to mid-size rooms

500-20,000 m² LARGE-AREA COVERAGE
Scalable hygiene for large areas and multiple spaces

REDUCED ODOR BUILD-UP
Deodorizes at the source for fresher environments

MORE CONSISTENT EVENT-TO-EVENT READINESS
Cleaner, safer spaces, every game, every day

Cleaner air helps support more confident performance, reduced illness spread, and stronger player recruitment environments.

DISINFECT
Targeted room, surface, and area disinfection across 360° wraparound workflows.
OxyPharm Devices + Force of Nature Pro

PROTECT
Long-lasting treated-surface protection plus odor-control support between deep cleans.
PENETREXX® + MPOWER®

PERFORM
Repeatable floor care, laundry performance, and hygiene execution across rooms, shifts, and events.
MIRA + MPOWER® + Electrostatic Sprayers
